RESEARCH OPPORTUNITY/ CREATIVE ACTIVITY
SUBMISSION FORM

The Center for Undergraduate Research & Creative Activities provides a listing of research opportunities and creative works for undergraduate students on the CURCA website: http://www.curca.buffalo.edu. Faculty members are encouraged to post information on available positions by completing this form. The project title, project description and research skills section will be listed on the website under the discipline heading you identify. The Center for Undergraduate Research & Creative Activities will assist in notifying students of these opportunities, and in offering workshops that prepare students for the work that will be involved. Please print this form, and mail the completed document to Timothy Tryjankowski, CURCA Coordinator at the above address:

Today’s Date: _________________________________________________

Faculty Members Name: ________________________________________________

Department: ________________________________________________

Office Address: ________________________________________________

Phone: ________________________________________________

E-Mail: ________________________________________________
